

To Whom It May Concern:

I am writing to thank everyone in the emergency medical services for taking such wonderful care of me when I fell and broke my left arm.

It was on Christmas night about 9 or 9:30 PM along with a policeman named Baird (I'm not sure) who was also very helpful and considerate. They all did their jobs with professionalism and courtesy.

Please let the team on that night know I greatly appreciate all they did for me.

Thank You All.
